

PRODUCT INFORMATION

Category	Speciality Filled & Reinforced Polypropylene Compound
Grade Name	LF PP 3010 - C
Features	30% Chemically Coupled Long Glass Fiber Reinforced Polypropylene Copolymer Compound in Natural Colour with very high Mechanical Properties. Material with Special Additives and Colours* are available on demand.
Application	Automotive and Appliances
Component	FEM, Gear Shifter, Spoilers, SFM parts, Rotors, Fan Blades etc.

Typical Properties	ASTM Method	Units	Typical Value
Specific Gravity	D 792	—	1.13 ± 0.02
