

PRODUCT INFORMATION

Category	Speciality Filled & Reinforced Polypropylene Compound
Grade Name	HR 7214 VO
Features	Talc Reinforced High Impact, UV stabilized Polypropylene Compound having very good Flow & Mechanical Properties
Application	Automotive and Appliances
Component	Instrument Panel/Dashboard & Various Interior Parts

Typical Properties	Test Method	Units	Typical Value
Melt Flow Index	ISO 1133	Gms/10min	25
Specific Gravity	ISO 1183	—	1.06 ± 0.02
