

Tipco Industries Limited

PRODUCT INFORMATION

Conbio Category	Tipcolite® - Advanced Un Saturated Polyester Moulding Compound
Grade Name	Tipcolite UP 7001
Features	Glass Fibre & Mineral Reinforced Un Saturated Polyester Moulding Powder With Good Surface Finish & Mechanical and Electrical Properties and excellent CTI, suitable for Injection Moulding & Compression Moulding. Available in Black.
Applications	Electrical & Automotive
Components	Electrical Lamp parts etc.

Typical Property	ASTM Method	Units	Typical Value
Appearance	-	-	Black
Apparent Density	D1895	g/cm3	0.8
Specific Gravity	D792	-	1.9 – 2.0
